## eOx<sup>®</sup> Liquid Descaler

*Product-Code: 2716*

### **DESCRIPTION**

eOx<sup>®</sup> Liquid Descaler removes lime stone effective from your kitchen equipment.

### **APPLICATION**

eOx<sup>®</sup> Liquid Descaler offers the perfect protection for your kitchen equipment. This special descaler removes lime, causing the life of the equipment is extended. eOx<sup>®</sup> Liquid Descaler is very effective, safe and easy to use.

### **HOW TO USE**

eOx<sup>®</sup> Liquid Descaler equipment can be used from 1:10 to pure, depending on the amount of lime that has been secured to the heating element or other surfaces. Mix Product with water to the right desired concentration. Unit with the mixture and let it go through half. Switch off the device for 5 minutes. Then turn it back on and let the reservoir go through. After descaling, rinse frequently (min. 3 x) with the same amount of clean water.
