

Armament Cleaner

Product-Code: **2027**

DESCRIPTION

eOx® Armament Cleaner is a heavy duty solvent free and water based cleaner for industrial general maintenance. Armament cleaner contains high tech additives for cleaning f.i. cleaning valves, machine parts, wheel bearings or whatever applications in tool shops, weapons and where corrosion inhibitor is needed.

APPLICATION

eOx® Armament Cleaner used cold is a replacement for aromatic free solvent.
eOx® Armament Cleaner used warm for aromatic type solvents and is used for heavy applications or to speed up degreasing working and drying time.
The eOx® Armament Cleaner is a replacement for organic solvents (aliphatic hydrocarbons, white spirit, thinner, petroleum, etc.) chromated products and solvent/emulsion cleaners.

CLEANING METHODS

eOx® Armament Cleaner can safely be used with all methods of cleaning; high pressure spraying, circulation cleaning, manual cleaning etc.
Anti-foam is available if needed.
